Dear Mr. Jordan:

Giving answer to your last response letter from February 16, 2012, I have to tell it the following:

- The reason for the sending of these letters was independent actions to support the reelection of Obama - Biden and the funds used in its entirety came from my personal income. Were not used funds from any source external to me to perform these actions.

- Letters issued, like the web site, are just wrong actions taken in due course the best way, not that the same could be considered fraudulent by any person, which is far from our interest.

- For the sake of a solution to this disengaged have decided:

- 1) Stop sending letters of any kind on behalf of OBAMA-BIDEN2012.ORG. And in fact I had received a letter communicating our error, for which more than one month is not sent them.

- 2) Stop the service of OBAMA-BIDEN2012.ORG web site, which will be discontinued as soon as possible.

- 3) To date not received any product contribution of the letters sent. The future of any contribution received will be returned to the same addressee and the costs will be our own.

4) Destroy any advertising that may be used by anyone other than this entity with different moral to our interest and rationale.

Again this serves to show that our intention was not to make fraudulent acts, but to support the re-election with independent actions.
